of commercial fertilizers now in force, and is a severe blow at the prosperity of agriculturists, do earnestly appeal to you to use your best endeavors to defeat the bill in its entirety, believing, as we do, that it is an insidious attempt to legislate for the benefit of a few favored manufacturers, to the detriment of the State at large.

PETITION—(OUT OF ORDER).

Mr. Jury presented (out of order) the following petition from the San Mateo County Building and Loan Association:

HON. R. H. JURY, *Member of the Assembly, Fifty-third District:*

DEAR SIR: We notice in the press dispatches that it is proposed to incorporate in the Building and Loan Law a provision preventing the loaning of more than 50 per cent of the appraised value of the property loaned upon. We wish to call your attention to the fact that such action would put every "local" association out of business and stop a very large proportion of home building by the laboring classes. The "local mutual" will generally loan 70 or 75 per cent of the appraised value of the property, and this it can afford to do for the reason that the security committee is fully conversant with values in the local territory, a guarantee of intelligent and conservative appraisal; then the borrower at once begins to pay off the loan in monthly installments, increasing his equity and the value of the security. This is altogether different from a bank loan where the interest is paid semi-annually and nothing upon the principal until the whole is due; in this case the value of the security is lessened as the interest accrues.

Again, the local directors have personal knowledge of the habits and prospects of the borrower, which is very pertinent to the matter, while the investor in free shares will be cognizant of all business transacted by the board.

This association has loaned as high as 80 per cent in a few cases where the "moral hazard" was considered excellent, and in proof of our conservative and business-like methods we cite the fact that this association has loaned since its organization, in 1890, the sum of \$1,109,581.74, now has \$209,318.96 out on mortgage, and has not a single piece of real estate on its hands, and never met with a loss, nearly all of this amount having been loaned for home building to wage-earners, at little more cost to them than monthly rental would have been for the same premises.

We also note a proposition to have all securities deposited at Sacramento, or with a trust company. This would entail much delay and annoyance to those desiring to repay loans, an almost daily occurrence with this association, and we deem it entirely unnecessary, from the fact that no securities have ever been, to our knowledge, wrongfully hypothecated by officers of a "local" association.

In view of the above we respectfully submit that the "local mutual associations" should not be embarrassed or hampered in the conduct of their business on account of the laches of the "nationals," and we would suggest that one law might be made to govern local associations doing business entirely within their home county and those counties immediately adjoining, and another for those doing business in territory beyond those limits.

Trusting that you will give the above sentiments consideration, we are,

Very respectfully,

SAN MATEO COUNTY BUILDING & LOAN ASSOCIATION.

By GEO. W. LOVIE, Secretary.

Petition ordered printed in the Journal.

PETITIONS.

Mr. McCartney presented the following petitions:

(Relative to reading the Bible in the public schools.)

REDLANDS, CAL., February 20, 1905.

HON. H. S. G. MCCARTNEY, *Sacramento, Cal.*:

DEAR SIR: We desire to express to you our hearty approval of the bill you have introduced to amend Section 1672 of the Political Code, so as to prevent any construction of that section that would not permit the use of the Bible in the public schools of our State, for any purpose not inconsistent with said section; and we further most respectfully request you to use your influence and your utmost endeavors in favor of the passage of said amendment.

We should oppose most strenuously any effort to introduce into our public schools any denominational or sectarian teaching whatever. On the other hand, to deny our teachers the privilege of reading in the schools from the Book containing the highest code of morals known to the world—that code which forms the basis of human character, and upon which the perpetuity of civilized government rests—tends directly to subvert one of the fundamental reasons for the existence of our public school system, viz: the culture of the truest and noblest citizenship.

Furthermore, to rule the Bible out of our public school libraries, as a book of reference, is to discriminate against what is admitted by educated men of every religious belief, and of no religious belief, to be a copy of the best literature ever produced, and for which there is no possible substitute.

For these two reasons, therefore, in the interest of good morals, both in private and public life, and in the interest of the highest culture, we wish to see no discrimination against the proper use of the Bible in the public schools of our State.

Hoping that you will agree with us as to the importance of this matter, we are,
Respectfully,

J. A. MARGNIS, Pastor, and others.

This letter was presented to the congregation of the First Presbyterian Church of Redlands, California, Sunday morning, February 19, 1905, and unanimously adopted. The pastor and officers were directed to sign it on behalf of the church and forward it to you. The membership of the church is 400. The attendance at the service at which the above was adopted was about 500.

WALTER M. CAMPBELL, Clerk.

The petition was ordered printed in the Journal without the signatures.

Mr. McCartney presented the following petition from officials of Los Angeles County, which was ordered printed in the Journal without the signatures:

We, the undersigned employés of the County of Los Angeles, in the court-house thereof, respectfully petition your honorable body to enact a law closing the court-house every Saturday at 12 M., and providing that all offices in the court-house shall open at 9 A. M.

(To prevent shipping of wild duck eggs into this State.)

EDNA, February 11, 1905.

HON. WARREN M. JOHN, *Member of Assembly, Sixty-third District, Sacramento:*

DEAR SIR: It is understood by the undersigned that the Indians in Oregon are in the habit of robbing duck nests and shipping the eggs into California for the market. As you are well aware, this is a great drawback to the hunters in this locality, and a thing that should be discouraged. Without going into further details regarding the situation, we hereby petition you to look into the matter, and if it seems feasible to you we will appreciate all that is done to prevent the shipping of wild duck eggs into this State.

Section 8. Any city containing a population of more than 3,500 inhabitants may frame a charter for its own government, consistent with and subject to the Constitution (or, having framed such a charter, may frame a new one), by causing a board of fifteen freeholders, who shall have been for at least five years qualified electors thereof, to be elected by the qualified voters of said city at any general or special election, whose duty it shall be, within ninety days after such election, to prepare and propose a charter for such city, which shall be signed in duplicate by the members of such board, or a majority of them, and returned, one copy to the mayor thereof, or other chief executive officer of such city, and the other to the recorder of the county. The charter, so ratified, may be amended at intervals of not less than two years by proposals thereof, submitted by the legislative authority of the city to the qualified electors thereof at a general or a special election, held at least forty days after the publication of such proposals for twenty days in a daily newspaper of general circulation in such city, and ratified by a majority of the electors voting thereon, and approved by the Legislature as herein provided for the approval of the charter. Whenever fifteen per cent. of the qualified voters of the city shall petition the legislative authority thereof to submit any proposed amendment or amendments to said charter to the qualified voters thereof for approval, the legislative authority thereof must submit the same. PETITION.

Mr. McCartney presented the following petition, which was read:

(Relative to reading the Bible in the public schools).

REDLANDS, CAL., February 20, 1905.

HON. H. S. G. MCCARTNEY, *Sacramento, Cal.*:

DEAR SIR: We desire to express to you our hearty approval of the bill you have introduced, to amend Section 1672 of the Political Code, so as to prevent any construction of that section that would not permit the use of the Bible in the public schools of our State, for any purpose not inconsistent with said section; and we further most respectfully request you to use your influence and your utmost endeavors in favor of the passage of said amendment.

We should oppose most strenuously any effort to introduce into our public schools any denominational or sectarian teaching whatever. On the other hand, to deny our teachers the privilege of reading in the schools from the book containing the highest code of morals known to the world—that code which forms the basis of human character, and upon which the perpetuity of civilized government rests—tends directly to subvert one of the fundamental reasons for the existence of our public school system, viz: the culture of the truest and noblest citizenship.

Furthermore, to rule the Bible out of our public school libraries, as a book of reference, is to discriminate against what is admitted by educated men of every religious belief, and of no religious belief, to be a body of the best literature ever produced, and for which there is no possible substitute.

For these two reasons, therefore, in the interest of good morals, both in private and public life, and in the interest of the highest culture, we wish to see no discrimination against the proper use of the Bible in the public schools of our State.

Hoping that you will agree with us as to the importance of this matter, we are,

Respectfully,

FIRST EVANGELICAL LUTHERAN CHURCH,

Redlands, Cal.

By GEORGE H. HILLERMAN, Pastor and President.

CHARLES H. WILSON, Secretary.

Approved and indorsed by standing vote of the congregation in Redlands, Cal. February 19, 1905.

The petition was ordered printed in the Journal.

Mr. Prescott presented a similar petition, and similarly signed.

That Section 253 of Article XVI of the charter be amended to read as follows:

Section 253. No officer of the city shall absent himself from the State without the written permission of the Mayor; and the Mayor is authorized to issue such permits, when deemed proper by him, for a period not exceeding sixty days. That Section 267 of Article XVI of the charter be amended to read as follows:

Section 267. The qualifications of all other officers not by this charter prescribed shall be such as may be prescribed by ordinance.

That Section 269 of Article XVI of said charter be repealed, and that a new section to be numbered 269 take the place thereof, and read as follows:

Section 269. Every executive and judicial officer of the city, except the Mayor and City Attorney, and every other officer and agent of the city charged with the collection or disbursement of any money of the city, shall furnish, at the end of each month, to the Board of Trustees, a full and detailed statement upon oath of all moneys received or disbursed by him, and of his other official transactions during said month. Like statements shall be made at and for such other times as the Board of Trustees may require.

That Article XVI of said charter be amended by adding thereto a new section to be numbered and known as Section 281, and to read as follows:

That a new section to be numbered 282 be added to Article XVI of said charter, to read as follows:

Section 282. *The Recall.*—The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least fifty-one per centum of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be filed with the City Clerk: *provided*, that the petition sent to the board shall contain a general statement of the grounds for which the removal is sought. The signatures to the petition need not be all appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within ten days from the date of filing such petition, the City Clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the board shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the Clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition

to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the board without delay. If the petition shall be found to be sufficient, the Board of Trustees shall order, and fix a date for holding, the said election; not less than thirty days nor more than forty days from the date of the Clerk's certificate to the board that a sufficient petition is filed.

The Board of Trustees shall make or cause to be made publication of notice, and all arrangements for holding of such election; and the same shall be conducted, returned, and the result thereof declared, in all respects, as are other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and unless he requests otherwise, in writing, the Clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some other person than the incumbent receive the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes, he shall continue in office.

That Section 205 of said charter be amended to read as follows:

Section 205. (Relative to practice of barbers.)

REDLANDS, CAL., February 16, 1905.

HON. F. C. PRESCOTT, *Speaker, and Members of the Assembly, Sacramento, Cal.*:

DEAR SIR: On account of the nefarious practice of the barber colleges of this State, turning out supposed barbers in eight weeks, thus doing inestimable damage to the barbers' profession by putting incompetent men into the business, who reduce the price, and thus drive competent men from the profession.

We, the undersigned, therefore, do petition your honorable body of Assemblymen, now assembled at Sacramento, to support the Act now before the Legislature regulating the practice of barbers in California.

T. S. HARRIS, Gem Shop.

S. H. Hoover, H. Hants, proprietor Commercial Shop; E. D. Ford, T. C. DuBois, John P. Hird, proprietor Park Shop; Peter G. McIver, J. F. Shuey, J. F. Hale, S. V. Betts, J. C. Bingman, proprietor Palace Shop; A. B. Walker, J. K. Cherry, Frank J. Preston.

Also:

(Relative to reading the Bible in public schools.)

REDLANDS, CAL., February 20, 1905.

HON. FRANK C. PRESCOTT, *Speaker of the House of Representatives, State of California*:

DEAR SIR: We desire to express to you, as our Representative, our hearty approval of the bill introduced by Hon. H. S. G. McCartney, of Los Angeles, to amend Section 1672

of the Political Code, so as to prevent any construction of that section that would not permit the use of the Bible in the public schools of our State, for any purpose not inconsistent with said section; and we further most respectfully request you to use your influence and your utmost endeavors in favor of the passage of said amendment.

We should oppose most strenuously any effort to introduce into our public schools any denominational or sectarian teaching whatever. On the other hand, to deny our teachers the privilege of reading in the schools from the book containing the highest code of morals known to the world—that code which forms the basis of human character, and upon which the perpetuity of civilized government rests—tends directly to subvert one of the fundamental reasons for the existence of our public school system, viz.: the culture of the truest and noblest citizenship.

Furthermore, to rule the Bible out of our public school libraries, as a book of reference, is to discriminate against what is admitted by educated men of every religious belief, and of no religious belief, to be a copy of the best literature ever produced, and for which there is no possible substitute.

For these two reasons, therefore, in the interest of good morals, both in private and public life, and in the interest of the highest culture, we wish to see no discrimination against the proper use of the Bible in the public schools of our State.

Hoping that you will agree with us as to the importance of this matter, we are,

Respectfully,

C. RAYMOND GRAY, Pastor M. E. C. S.

REPORT OF STANDING COMMITTEE—(OUT OF ORDER).

The Committee on Commissions and Public Expenditures submitted the following report, which was read:

OPPOSED TO HARBOR COMMISSION FOR SAN PEDRO.

ASSEMBLY CHAMBER, SACRAMENTO, February 27, 1905.

MR. SPEAKER: Your Committee on Commissions and Public Expenditures, pursuant to resolution adopted February 23d, and pursuant to Rule 30 of the Standing Rules of the Assembly, requiring said committee to ascertain what commissions can be abolished, or consolidated, with advantage to the public, in view of a more economical administration of State affairs, respectfully report that they visited the harbor of San Pedro to inquire into the advisability of creating a State Board of Harbor Commissioners for said harbor, as contemplated by Assembly Bill No. 1022, and, as a result of such investigation, beg leave to report that the committee is of the opinion that the establishment of such a commission would be unwise at this time, for the following reasons:

1. Large sums of money are being expended in the improvement of said harbor by the United States Government, and nothing should be done at this time which might interfere with that work by causing a conflict of authority.

2. The lines of said harbor have not as yet been definitely located by the United States Government, and until that be done it is impossible to determine what, if any, land surrounding said harbor could be placed under the control of the said commission.

3. The most of the land surrounding said harbor is owned, or controlled, by private individuals.

4. The only thing which at this time could be advantageously done by a State commission would be the fixing of tolls, but this matter is being satisfactorily attended to by the Board of Supervisors of the County of Los Angeles.

5. Persons engaged in shipping at said port are entirely satisfied with the manner in which said harbor is now being conducted, and do not desire the establishment of a commission for the control thereof at this time.

6. The establishment of such a commission at this time would be an additional burden upon the State, or upon shipping at said port, which, under all the circumstances, is unnecessary.

Respectfully submitted.

TREADWELL, Acting Chairman.

RESOLUTION.

PETITIONS.

The Speaker presented the following petitions relative to reading the Bible in the public schools:

REDLANDS, CAL., February 20, 1905.

HON. FRANK C. PRESCOTT, *Speaker of the House of Representatives, State of California*:

DEAR SIR: We desire to express to you, as our Representative, our hearty approval of the bill introduced by Hon. H. S. G. McCartney of Los Angeles, to amend Section 672 of the Political Code, so as to prevent any construction of that section that would not permit the use of the Bible in the public schools of our State, for any purpose not inconsistent with said section; and we further most respectfully request you to use your influence and your utmost endeavors in favor of the passage of said amendment.

We should oppose most strenuously any effort to introduce into our public schools any denominational or sectarian teaching whatever. On the other hand, to deny our teachers the privilege of reading in the schools from the book containing the highest code of morals known to the world—that code which forms the basis of human character, and upon which the perpetuity of civilized government rests—tends directly to subvert one of the fundamental reasons for the existence of our public school system, viz.: the culture of the truest and noblest citizenship.

Furthermore, to rule the Bible out of our public school libraries, as a book of reference, is to discriminate against what is admitted by educated men of every religious belief, and of no religious belief, to be a copy of the best literature ever produced, and for which there is no possible substitute.

For these two reasons, therefore, in the interest of good morals, both in private and public life, and in the interest of the highest culture, we wish to see no discrimination against the proper use of the Bible in the public schools of our State.

Hoping that you will agree with us as to the importance of the matter, we are,

Respectfully,

W. F. HARPER, First Baptist Church.

The membership of this church is 475. There was present an audience of about 500 on Sunday morning, February 19th, when this letter was read and unanimously approved.

W. F. HARPER.

FIRST METHODIST EPISCOPAL CHURCH, }
REDLANDS, CAL., February 21, 1905. }

HON. FRANK C. PRESCOTT, *Speaker of the House, Sacramento, Cal.*:

DEAR SIR: Our congregation of nearly a thousand last Sunday morning voted most heartily to request me to importune you to use your earnest endeavor to further the amendment now up for consideration by our State Legislature, in favor of introducing the Bible into our public schools. The sentiment in Redlands is that you will aid this cause.

We thank you, therefore, in advance for your coöperation.

I am, yours respectfully,

GILBERT P. FERGUSON.

McKENNEY, Chairman.

Senate Bill No. 510 ordered to second reading on special Senate file.

RECOMMENDATIONS ON PRISONS AND REFORMATORIES.

The Committee on State Prisons and Reformatories submitted the following special report:

MR. SPEAKER: Your Committee on State Prisons and Reformatories begs leave to report that, in compliance with a resolution adopted by the Assembly, they have visited the State School at Whittier, the State Prison at San Quentin, and the State Prison at Folsom; that they have thoroughly inspected the same, and beg leave to make the following report and recommendations:

Whittier.

We found the State School at Whittier in good condition and well managed, except that there seems to be too much politics entering into the affairs of the institution, causing needless disagreements and difficulties and seriously interfering with the management of the school. Your committee would therefore strongly recommend that the question of politics be entirely eliminated from the institution, and from the appointment of the employés, and that they be appointed solely for their efficiency and ability to make the school what it should be—an institution for the reformation of wayward children of both sexes.

Your committee would also suggest that more attention be given to teaching the children trades and occupations, by which they can be made self-supporting when they leave the school, and become decent and respectable members of society. While it may be too late at this session to prepare a comprehensive scheme of improvement in this direction, we suggest that the trustees and the superintendent carefully study out the question of how best to use the labor of the inmates for their own improvement, and economically manage the school; and that at the next session of the Legislature they report a full and complete series of plans on this subject, giving in detail what they propose to do, and what the exact cost will be for the necessary machinery, implements and other material necessary to make this school, as it should be—a thorough industrial establishment.

Your committee would recommend the purchase of five inches of water at a cost not to exceed \$3,907.50, for the reason that the State is now paying \$1,000 a year for this water, as rental, and by the purchase of stock equivalent for these five inches this annual

payment will be done away with, and in less than four years the water will have paid for itself.

The committee also recommends the furnishing of the new girls' cottage, and the building of the water tower. They also recommend the sewing machines asked for, for the girls, and the extra type and printing material desired for the boys. It is very evident that, if the children are to be taught to be self-sustaining, they must be taught to employ the most modern methods in their work.

We join the Governor in recommending that, so far as possible, the girls be placed in homes or in charitable or benevolent institutions where they can receive care and attention, which is impossible in a public institution of this character.

San Quentin.

Your committee strongly recommends the appropriations asked for by the State Board of Prison Directors for the purpose of increasing the cell room at San Quentin. The need of a separate room for each inmate has been so often insisted upon, by past committees, that it is unnecessary, in this report, to reiterate what they have said. Unless California desires to fall far behind the progressive States of the Union in the matter of prison discipline and management, she must greatly improve her prisons, which are now, with the exception of those of some of the Southern States, the worst in the Union. The question of employing the labor of the convicts so as to keep them, on the one hand, fully employed, and as near self-sustaining as possible, and, on the other hand, to prevent their labor coming into competition with free labor, is a very serious question. We would, however, recommend that the bills introduced by Assemblyman Olmsted on this subject, be passed and become laws. This matter of the employment of prisoners is one that should be carefully considered during the next eighteen months and some satisfactory plan, if possible, suggested to the next Legislature for its action.

We earnestly recommend that the prison develop its own power for electric lighting, and running the jute mill, which will accomplish a saving of \$1,500 a month in the expenses of the institution. It is obvious that to allow the prisoners to remain idle has anything but a reformatory influence upon them, and is in direct opposition to the wording of their sentences, which condemns them to "hard labor." The several bills which have been introduced by the hold-over committee from the last Assembly will, if adopted, do much toward improving the condition of the prisons in this State, and putting them upon a better and more modern footing, and we strongly recommend their adoption by the Legislature and their approval by the Governor.

Folsom.

At Folsom there is the same need for cell room as at San Quentin, and we indorse the proposed appropriation asked for by the State Prison Directors for that purpose. As the rock at Folsom will be exhausted in a few months, the question of employing the Folsom prisoners is even more pressing than that at San Quentin, and unless the necessary legislation, as suggested in the Olmsted and McKenney bills, is enacted, very serious trouble may arise at the State Prison at Folsom, if a large number of desperate men are allowed to remain for a long time in utter idleness.

Preston School of Industry.

Your committee also visited the Preston School of Industry, at Ione, and was very much pleased with the management of the institution. The Assembly Hall is badly needed, and we earnestly recommend the appropriation asked for. The Trades Building, which was destroyed by fire, should be rebuilt, and we also recommend the appropriation for that purpose.

The suggestions of the committee in the matter of the Whittier State School also apply to the Preston School of Industry, and your committee would therefore recommend that the trustees and superintendent prepare, for the next Legislature, a comprehensive scheme for the industrial work in connection with the institution.

Finally your committee would suggest that as the special committee appointed at the last session of the Legislature to study prison reform was so successful and has been, by general consent, acknowledged to have accomplished more in a practical way in every respect than any other committee that has been created in the past, due very largely to the fact that it had ample time to study the questions that arose without being complicated in any way by other matters of importance, as in the case when the Legislature is in session, we recommend that this Assembly appoint a similar committee to sit during the time between the adjournment of this Legislature and the convening of the next one, to continue the study of the prison question, to study the jail system of the State, including both county and city jails, for the purpose of recommending, when the Legislature reconvenes, such laws and regulations as may seem to it wise in the premises.

All of which is very respectfully submitted.

McKENNEY, Chairman.
OLMSTED.
AMERIGE.

SPECIAL REPORT ON CODE REVISION BILLS.

The Committee on Revision and Reform of Laws was granted leave to submit the following report, which was ordered printed in the Journal:

ASSEMBLY CHAMBER, SACRAMENTO, February 28, 1905.

MR. SPEAKER: Your Committee on Revision and Reform of Laws hereby makes a special report with reference to those bills that have been reported on to the Special Code Revision file since February 20th, and not mentioned in the Journal of that date. The points covered, or changes made, by these bills, respectively, are as follows:

SENATE BILL No. 453.

Penal Code—Section 597: The amendment consolidates the present Section 597 with Section 6 of the Statute of 1873-4, page 499, as amended 1901, page 285, for the more effectual prevention of cruelty to animals.

Penal Code—Sections 597a, 597b, 597c, 597d, 597e, and 597f: These sections are a codification of Sections 7, 8, 9, 11, 12, and 13 of the last-named statute, as amended 1901, page 285.

Penal Code—Section 599a: This section is a codification of Section 10 of the Statute of 1873-4, page 499, as amended 1901, page 285, for the prevention of cruelty to animals.

Penal Code—Sections 599b and 599c: Sections 16 and 17 of the Act of 1873-4, page 499, for the more effectual prevention of cruelty to animals, are codified in the above sections.

SENATE BILL No. 162.

Penal Code—Sections 269a and 269b: The Act to punish adultery (Stats. 1871-2, page 380) is codified in the two sections above named.

SENATE BILL No. 163.

Penal Code—Section 270: The change consists in the omission of the words now following the word "excuse," "to perform any duty imposed upon him by law." They are clearly without signification as employed in the section.

Penal Code—Section 271a: The penal section of the Statute of 1873-4, relating to the care of orphan and abandoned children, is codified in the above-named section.

Penal Code—Sections 272, 273, 273a, 273b, 273c, 273d: The two statutes, one of 1877-8, page 812, and the other of 1877-8, page 813, relating to children, are codified by an amendment to Section 272 and by the addition of Sections 273, 273a, 273b, 273c, and 273d.

Penal Code—Sections 273c and 1389: The matter now in Section 1389, which incorrectly stands in a chapter entitled "Dismissal of the Action," is put into a new section designated as 273c, and is put in its proper chapter, with the other sections relative to children, and Section 1389 accordingly repealed.

SENATE BILL No. 377.

(Amended in Senate, January 20, 1905.)

Political Code—Sections 767, 771, 772, 773, and 774: The amendment is self-explanatory. It is rendered necessary by the amendment to the Constitution relative to the establishment of the District Courts of Appeal. In view of the extra work placed on the Supreme Court reporter, his compensation is raised to three thousand dollars. Possibly the salaries of the assistant reporters should be reduced. It is the desire of the Supreme Court to have control of the reporting of the opinions, so that, as far as possible, the publication of unnecessary opinions may be avoided.

SENATE BILL No. 615.

Penal Code—Section 497: The object of the amendment is to enlarge the scope of the section to include cases of embezzlement, and to accomplish this purpose the words "or embezzle" have been inserted after "steals," lines 3 and 4, the word "embezzled" has been inserted after "stolen," in line 5, and the words "or embezzlement" have been inserted after "larceny," in line 7.

SENATE BILL No. 614.

Penal Code—Section 496: The change consists in the omission of the words "or both" after "months," in line 7. Obviously it was not the intention of the Legislature that the same offense should be punishable by imprisonment in both the State prison and the county jail.

SENATE BILL No. 750.

Penal Code—Section 105: The present section is open to the objection that the punishment prescribed is unequal, not proportionate to the offense, and its constitutionality on that account has been sometimes doubted. The cases of *State vs. Lewin* (Kan.), 37 Pac. Rep. 168; *Barbier vs. Connolly*, 113 U. S. 27; *Coon Hing vs. Crowley*, 113 U. S. 703; *Hayes vs. Missouri*, 120 U. S. 68; *Home Ins. Co. vs. N. Y.*, 134 U. S. 594; *Pembina Mng. Co. vs. Penn.*, 125 U. S. 181; *Crowley vs. Christenson*, 137 U. S. 86; *Yick Wo vs. Hopkins*, 118 U. S. 358; *Civil Rights Cases*, 103 U. S. 3, are cited in behalf of this view. The amendment is strongly urged by the District Attorney of Marin County.

SENATE BILL No. 410.

Penal Code—Section 315: The change consists in the addition of the matter following the semicolon in line 6. The new matter is taken from the Statute of 1873-4, p. 84, and makes the reputation of the house evidence of its character and that of the women resorting to it.

SENATE BILL No. 414.

Penal Code—Section 360: The change consists in the clause making it criminal to solemnize a marriage without being first presented with a marriage license, and the clause making it criminal to fail to file for record the marriage license and the certificate of marriage. The last of these amendments, besides being otherwise proper, is necessary in order to give effect to the amendment to Section 79a of the Civil Code (Senate Bill No. 264), which provides that a license must be procured in every case, and regardless of whether the parties are, or are not, members of some particular religious denomination having, as such, some peculiar mode of celebrating marriage.

SENATE BILL No. 431.

Penal Code—Section 369b: This is a codification of Section — of the Statute of 1877-8, p. 969.

SENATE BILL No. 432.

Penal Code—Section 384: The amendment designates the punishment, and in this respect conforms the section to the Statute of 1871-2, p. 96, on the same subject, and inserts, after the word "lands," in line 5, the words "not his own," to conform the section to what was obviously the intent of the Legislature.

Penal Code—Section 384a: This is a codification of the Statute of 1891, p. 473, concerning the subject set forth in the section.

Penal Code—Section 384b: This is a codification of that part of Section 5 of the Act of 1875-6, p. 408, respecting the leaving of camp fires unextinguished.

SENATE BILL No. 433.

Penal Code—Section 384c: This is a codification of Sections 4 and 5 of the Statute of 1875-6, p. 408, respecting the wounding of animals while hunting upon the lands of another.

Penal Code—Section 369a: This is a codification of the Statute of 1899, p. 183.

Penal Code—Sections 369d, 369e, 369f, 369g: Codification of police regulations in the Statute of 1877-8, p. 969, not included in Senate Bill No. 431.

Penal Code—Section 374: The change consists in the substitution, in line 8, of the word "crematory" for "cemetery."

Penal Code—Section 375a: This is a codification of Sections 1, 2, 3, and 4 of the Act of 1887, p. 110.

Penal Code—Section 376: The change consists in the omission after the word "officer," in line 4, of the words "arriving in the Port of San Francisco," thus making the statute general.

Penal Code—Section 383: The amendment is a consolidation of the present Section 383 with the Statute of 1895, page 71. Section 4 of the statute has, however, been omitted as unnecessary.

Penal Code—Section 383a: A section of the Act of 1899, p. 25, is here codified.

Penal Code—Sections 400 and 401: There being two sections numbered 400 and 401, the one relating to the encouragement of suicide has been numbered 401.

Penal Code—Section 401a: This is a codification of the Statute of 1875-6, p. 759, concerning lodging-houses and sleeping apartments.

SENATE BILL No. 411.

Penal Code—Section 343: The change consists in the insertion, after the word "sales," in line 9, of the words "or appointed by the sheriff of the county, or the head of the police department of any city, city and county, or town, to inspect such registry, or examine such articles or account of sales." The change is suggested and advocated by the sheriffs' organization of this State.

SENATE BILL No. 155.

Penal Code—Section 172: The amendment consolidates the provisions of the present Section 172 with a codification of the Statutes of 1873-4, p. 12; 1880, p. 80, and 1895, p. 161, relating to the State University, soldiers' homes, and State Capitol. There is no new legislation in the bill.

SENATE BILL No. 436.

Penal Code—Section 470: The change consists in the insertion of the words "or of a fictitious person," in the beginning of the section. The purpose of the amendment is to make the forging of the name of a fictitious person, or knowingly signing the name of another, criminal if done with intent to defraud.

Penal Code—Section 474: The change consists in the insertion of the words "or telephone," after "telegraph," in line 4.

Penal Code—Section 481: The change consists in the insertion of the words "or steamship," after "railroad," in line 5, and "or vessels," after "cars," in line 7.

Penal Code—Section 482: The words "or steamship" are twice inserted after "railroad" (lines 8 and 11).

SENATE BILL No. 126.

Penal Code—Section 42: The amendment conforms the section to Section 21 of the Purity of Elections Act (Stats. 1893, p. 12).

Penal Code—Section 42a: This is a codification of Section 22 of the Purity of Elections Act (Stats. 1893, p. 12).

Penal Code—Section 45: Two clerical errors are corrected. The word "illegally," before "polled," is changed to "legally" (page 2, line 8), and the word "either" is omitted after "elector," and inserted between "ballot box" and "before" (page 2, line 9).

Penal Code—Section 46: Section 24 of the Purity of Elections Act (Stats. 1893, p. 12) is here codified.

Penal Code—Section 62: The change consists in the insertion of the words "The provisions of chapter eight of title two of part three" (page 9, line 7), in place of "Section one thousand one hundred and ninety-one." Section 1191 does not treat of the form of election ballots, and the reference is therefore inapplicable.

Penal Code—Section 63b: This is a codification of the Act of 1873-4, p. 297.

SENATE BILL No. 253.

Penal Code—Section 1387: Inserts in the section relating to an order for dismissal being a bar in cases of misdemeanor, a provision that where the order explicitly is made for the purpose of allowing an amended complaint to be filed, the order for dismissal shall not constitute a bar. This revision corrects a manifest abuse. The bill is earnestly urged by the District Attorney of Napa County.

SENATE BILL No. 255.

Code of Civil Procedure—Section 1527: By some unaccountable mistake the present Section 1639, which concerns sales of personal property, is placed in the wrong chapter, to wit: that entitled "Accounting and settlement by executors and administrators." It is, therefore, repealed, and a new section, 1527, containing exactly the same provisions as the old section, 1639, is inserted in the proper chapter, to wit: that concerning "Sales of personal property."

SENATE BILL No. 254.

Code of Civil Procedure—Section 1639: This is a new section, the matter in the present Section 1639 having been transferred to Section 1527 (Senate Bill No. 255). The new section authorizes the personal representatives of a deceased executor or administrator to present and have settled the account of such deceased. At present there is no way of settling such accounts except by suit in equity, which is expensive, unnecessary, and less expeditious than the mode proposed.

SENATE BILL No. 435.

Penal Code—Section 397b: This is a codification of the Act of the last session (Stats. 1903, p. 319), respecting the sale of intoxicating liquors to children.

Respectfully submitted.

ASSEMBLY JOINT RESOLUTION CALLED UP.

Mr. McGowan moved to take up Assembly Joint Resolution No. 9.
Assembly Joint Resolution No. 9 was read.

ASSEMBLY JOINT RESOLUTION No. 9.

Relating to the immigration of Japanese laborers, and to restrict or prevent their immigration into the United States.

WHEREAS, The constantly increasing immigration of the subjects of the Japanese empire into the Pacific Coast States and Territories, and particularly into the State of California, has become, and is now, a serious menace to the well-being and prosperity of those States and Territories, and particularly to the people of California, demanding the taking of immediate steps looking to the stay thereof; and

WHEREAS, It is well known and generally recognized and acknowledged that, among many other facts and reasons justifying an apprehension of great danger, because of the growing and threatened invasion of our State by Japanese immigrants, the following are capable of exact proof, and do exist:

1. That the Japanese laborers, by reason of race habits, mode of living, disposition and general characteristics, are a wholly undesirable and unsatisfactory addition to the population.

2. That the Japanese laborers are debarred from naturalization, and cannot, if they desired—which they do not—become citizens, and thereby exercise the privilege and responsibilities of citizenship.

3. That the Japanese laborers do not evince any inclination to assimilate with our people, or to become Americans. They remain as they come, Japanese, and, possessing no regard for republican institutions, continue to consider themselves subjects of the country of their nativity and look only to the time when they may be able to return.

4. That the Japanese immigrants now crowding to our shores are as a class, and with few exceptions, contract laborers, obligated to serve long periods of labor for small wages, and thereby, and as the result of such conditions, our communities are being filled with a servile class of laborers, which exists in a state of slavery in substance and effect, if not in name.

5. That the Japanese laborers are not hired individually, but in gangs, and from a contractor who has entire control of their services, and who by the terms of the obligation under which they are brought to the country, is enabled to furnish them at such places, in such numbers, for such times, and at such wages as may be agreed between the contractor and employer.

6. That the contractor for Japanese labor, by reason of the favorable terms of his agreement, is enabled to, and is accustomed to supply Japanese laborers wherever desired in this State at rates which do not supply a white man with the common necessities of life, much less enable him to provide for his family or educate his children.

7. That the Japanese contract laborers have already gained control of numerous branches of industry in this State, and by reason of the low rate of wages paid for the work, have forced all white labor therefrom, and they are constantly crowding into other avenues of labor and driving our own workmen from occupations to which they have been accustomed, and from which they have heretofore gained a livelihood.

8. That the Japanese laborers will, within a brief period, unless their immigration be limited in some reasonable degree, occasion great distress and misery to the white laborers of the State, by depriving them of the opportunity to secure work at wages sufficient for support.

9. That the Japanese laborers do not employ any of their savings in the building up of the communities wherein they may for a time reside. They are mere transients, coming only to do the particular work which their contractor has agreed to furnish them, and going, at its completion, to another place, to which they have in like manner been allotted. They do not buy land for homes. They do not build or buy houses either for business or home purposes. They contribute nothing to the growth of the State.

They add nothing to its wealth, and they are a blight upon the prosperity of it, and a great and impending danger to its welfare.

10. The labor troubles in Hawaii have caused great numbers of Japanese laborers, such as have been hereinbefore described, to make their way to this State, there being now not less than five hundred each month landed at the port of San Francisco, and, while the present rate of increase in the immigration is sufficient to justify the fears which are justly entertained, we cannot but regard, with the greatest sense of danger and disaster, the prospect that the close of the war between Japan and Russia, will surely bring to our shores hordes, to be counted only in thousands, of the discharged soldiers of the Japanese army, who will crowd the State with immoral, intemperate, quarrelsome men bound to labor for a pittance and to subsist on a supply with which a white man can hardly sustain life; therefore, be it

Resolved by the Assembly, the Senate concurring: In view of the facts and reasons aforesaid, and of many others that might be stated, that we, as representatives of the people of the State of California, do urgently and strongly ask and request, and, so far as it may be proper, demand, for the protection of the people of this State, and for the proper safeguarding of their interests, that action be taken without delay by treaty or otherwise, as may be most expeditious and advantageous, tending, within reasonable bounds, to limit and diminish the further immigration of Japanese laborers into the United States.

That our Senators and Representatives in Congress be, and they are hereby requested and directed to bring the matters aforesaid to the attention of the President and the Department of State.

That the Governor be requested to forward a copy of the foregoing preamble and of these resolutions to the President and the Secretary of State.

That a copy of the foregoing preamble and resolutions be forthwith forwarded by mail to our Senators and Representatives, and to our Senators and Representatives elect.

REPORT OF THE INVESTIGATING COMMITTEE ON CHARGES PREFERRED AGAINST HON. E. S. TORRANCE, JUDGE OF THE SUPERIOR COURT OF SAN DIEGO COUNTY.

The special committee appointed to investigate charges preferred against Hon. E. S. Torrance, Judge of the Superior Court of San Diego County, was granted leave to submit (out of order) their report:

In the Assembly of the thirty-sixth session of the Legislature of the State of California.

In the matter of the memorial presented to the Assembly on the 16th day of January, 1905, by Mr. McCartney, wherein Hon. Elisha S. Torrance, Judge of the Superior Court of the State of California, in and for San Diego County, is accused by the Los Angeles Bar Association of misconduct in office.

Report of the committee appointed by Hon. Frank C. Prescott, Speaker of the Assembly of the State of California, to investigate said charges of misconduct.

We, your committee appointed to investigate the above charge, beg leave to report as follows:

We left the City of Sacramento on Thursday, February 2, 1905, and proceeded to the City of San Diego, and from thence we went to the cities of San Bernardino and Los Angeles, taking testimony in said matter at each of said places. Ninety-five witnesses were sworn and examined orally. The record evidence, consisting of court records and other miscellaneous papers, were introduced by the respective parties and examined by your committee.

After considering all of said testimony, we find as follows:

As to Paragraph One of Specification One, wherein it is charged that Judge Torrance became so intoxicated that he was unable to proceed with the trial of Beck vs. Thompson at San Bernardino, on or about the 20th of January, 1903, that Judge Torrance did absent himself from court during the trial of said case, as in said specification set forth, but the testimony bearing upon this charge was insufficient to justify finding that his absence was due to drunkenness at that time.

As to Paragraph Two of said Specification One, wherein it is charged that Judge Torrance passed a great deal of his time in saloons, engaged in gambling and consorting with persons of bad reputation, and was seen in public places in said drunken condition, and associating with professional gamblers and dissolute and disreputable persons, we find from the testimony that Judge Torrance had on one occasion been seen engaged in playing draw poker for money in a public saloon, and that one of the other persons engaged in such game was a man who had formerly been known as a professional gambler.

As to Paragraph Three of said Specification One, wherein it is charged that Judge Torrance was expected to preside at the trial of The People vs. Chittenden, then pending in the Superior Court of the County of San Bernardino, but on account of the drunken condition of Judge Torrance, he was unable to preside at said criminal action, we find that the reason that Judge Torrance did not preside at said trial was because Judge Noyes of Riverside County, who had presided at the former trial of said action, had been requested to retry said case. Furthermore, that Judge Torrance had never been requested to go to San Bernardino to try said Chittenden case.

As to Specification Two, wherein it is charged generally that Judge Torrance has, during two years last past, been grossly intoxicated, has exhibited himself to the public in a state of gross intoxication, and that said drunkenness has disqualified him from discharging the duties of his office, and has caused him to neglect the duties of his said office, and that he has during said period caroused with litigants, and lawyers representing litigants having actions and proceedings in his court; and that Judge Torrance, while so intoxicated, was very profane, and would curse and abuse reputable attorneys and other citizens upon the streets of San Diego, and would associate with disorderly and disreputable persons, and by such conduct has brought the administration of justice in his court into contempt and public disrepute, we find that the evidence is insufficient to support the charge that Judge Torrance ever exhibited himself on the streets of San Diego, or in any other public place, in a "grossly intoxicated" condition, or in a state of "gross drunkenness." We further find that the evidence is insufficient to support the charge that Judge Torrance, by reason of drunkenness or intoxication, was ever disqualified from discharging the duties of his office, or that he was at any time intoxicated while in the performance of the duties of his office.

We find the evidence insufficient to support the charge that Judge Torrance has frequently drunk intoxicating liquors and caroused with litigants, and lawyers representing litigants having actions and proceedings pending in his court.

We find that with the exception of the time that Judge Torrance was engaged in a gambling game at San Bernardino, as hereinbefore mentioned, the evidence fails to support the charge that he "would associate with disorderly and disreputable persons."

We find that Judge Torrance during the past two years has on a number of occasions been seen on the streets of San Diego and in other public places under the influence of liquor; that while the degree of intoxication was not sufficient to incapacitate him from properly performing the duties of his office, it was on such occasions sufficient to attract attention; that when so intoxicated, Judge Torrance would at times indulge in loud talk, use profane language and engage in boisterous conduct, and frequently his conduct, when so intoxicated, has been unseemly, improper and unbecoming a man occupying his position.

As to all allegations against Judge Torrance relating to and bearing upon his conduct in the case of Lucille D. Gay, plaintiff, vs. John H. Gay, defendant, including the allegations of misconduct in visiting the house of the defendant Gay while the said cause was under advisement; also including the conduct and actions of Judge Torrance with reference to the motion for a new trial in said case; also including his discussion with Judge J. S. Noyes of matters connected with said case, we find that the conduct of Judge Torrance in said case, and all matters pertaining thereto, has been reviewed by the Hon. J. S. Noyes, Judge of the Superior Court of Riverside County, in passing upon a motion for a new trial in said case; that the decision of Judge Noyes, in so far as it related to the conduct of Judge Torrance in visiting the house of said defendant Gay, was to the effect that said conduct was not in itself sufficient grounds for a new trial; that substantially all the facts upon which the allegations relating to such subject are based, were reviewed by Judge Noyes at the hearing of said motion for a new trial; that substantially the same matter was before the Supreme Court of this State in the case numbered 3980, entitled "Lucille D. Gay, petitioner, vs. E. S. Torrance, Judge, etc., respondent." In view of the fact that said matters were passed upon judicially by both of said tribunals, and that the motion for a new trial upon the grounds of misconduct of Judge Torrance, as aforesaid, was denied, we think should preclude us from passing upon his alleged official misconduct in that regard, basing our views in this connection upon the fact that if such alleged conduct was insufficient to warrant the granting of a new trial, it would be insufficient to constitute grounds of impeachment.

As to Paragraph Two of Specification Three, wherein it is charged generally that Judge Torrance, on the 29th day of October, 1903, after filing his findings in the case of

Gay vs. Gay, left the City of San Diego, and did not return until the first week in January, 1904, and during said period was at Lakeside in San Diego County, and was intoxicated a great deal of the time; that he refused to permit communication with him and it was only with difficulty that his whereabouts could be ascertained, we find that Judge Torrance had announced generally that he proposed taking a vacation at that time, and that the attorneys of the San Diego bar had knowledge of this fact; and that Judge Torrance did not refuse to permit communication with himself, but on the contrary, notwithstanding the fact that he was on vacation, he corresponded with attorneys of the bar on matters pending in his court.

As to the allegation in Paragraph Two of Specification Three, wherein it is charged that since the plaintiff in the case of Gay vs. Gay filed her notice of intention to move for a new trial, Judge Torrance has been in frequent communication with the attorneys for the defendant, and has manifested improper interest on behalf of defendant, we find that there is no evidence supporting such allegation.

As to the allegation in Paragraph Two of Specification Three, wherein it is charged that Judge Torrance in said case of Gay vs. Gay, from the time of the filing of the affidavits on motion for a new trial therein, until the present, had "scandalously exhibited an indecent solicitude for the interest of the defendant in said suit of Gay vs. Gay, unbecoming and highly disgraceful to the character of a judge, as it was and is subversive of justice," we find that the evidence does not support such allegation.

As to the allegations of said Subdivision Two of Specification Three, wherein it is charged that Judge Torrance, just prior to the convening of the Supreme Court of the State of California, counseled with one of the attorneys for the defendant John H. Gay, to wit: L. L. Boone, with respect to making a motion to dismiss the appeals, and advised with said L. L. Boone generally as to his procedure on motion to dismiss plaintiff's appeals, we find that there was no evidence in support of such allegations, but on the contrary, the memorialists, at said hearing, declared that they would offer no evidence in support of such allegations.

As to the allegations contained in Specification Four, wherein it is charged "that the bad personal habits of the said Judge E. S. Torrance, his open and flagrant violation of the laws of the State of California, and his scandalous conduct in the case of Gay vs. Gay, as well as in other cases, has brought the administration of justice in his department of the Superior Court of San Diego County into contempt, and has done great wrong and injury to the public welfare, as well as to individual litigants," we find that his personal habits, while not bad to the degree of incapacitating him as a judicial officer, and while not so scandalous as to bring the administration of justice in his department into contempt, are, nevertheless, highly unbecoming a judicial officer, and such as must necessarily invite unfavorable comment.

We find that the personal integrity of Judge Torrance is unchallenged, and his ability as a jurist unassailable, when not viewed or considered with reference to his said personal habits; but viewing his conduct as we believe it should be viewed by lawyers, litigants, and the people of the State generally, we feel compelled to say that his personal habits conduce to the lowering of the esteem, respect, and confidence in which our judicial officers should be held.

Our conclusion from the facts found by us, as hereinabove presented, is, that there is insufficient evidence to warrant impeachment proceedings, and we so advise and recommend.

Respectfully submitted.

WEYAND, Chairman,
McGOWAN,
DEVLIN,
BARNES,
O'BRIEN,

Special Committee of the Assembly.

PETITION.

The Speaker presented the following petition:

(Relative to reading the Bible in the public schools.)

REDLANDS, CAL., February 20, 1905.

HON. FRANK C. PRESCOTT, *Speaker of the House of Representatives, State of California*:

DEAR SIR: We desire to express to you, as our representative, our hearty approval of the bill introduced by Hon. H. S. G. McCartney, of Los Angeles, to amend Section 1672 of the Political Code, so as to prevent any construction of that section that would not permit the use of the Bible in the public schools of our State for any purpose not inconsistent with said section; and we further most respectfully request you to use your influence and your utmost endeavors in favor of the passage of said amendment.

We should oppose most strenuously any effort to introduce into our public schools any denominational or sectarian teaching whatever. On the other hand, to deny our teachers the privilege of reading in the schools from the book containing the highest code of morals known to the world—that code which forms the basis of human character, and upon which the perpetuity of civilized government rests—tends directly to subvert one of the fundamental reasons for the existence of our public school system, viz.: the culture of the truest and noblest citizenship.

Furthermore, to rule the Bible out of our public school libraries, as a book of reference, is to discriminate against what is admitted by educated men of every religious belief, and of no religious belief, to be a copy of the best literature ever produced, and for which there is no possible substitute.

For these two reasons, therefore, in the interest of good morals, both in private and public life, and in the interest of the highest culture, we wish to see no discrimination against the proper use of the Bible in the public schools of our State.

Hoping that you will agree with us as to the importance of this matter, we are,

Respectfully,

W. G. CONLEY
Pastor First Christian Church.
JOHN A. SHRECK,
J. E. SARGENT,
C. T. WRIGHT,
C. F. MASSENGALE,
J. A. WALTON,
C. A. BARKER,
H. F. HOLT,

Board of Officers.

Presented to the church Sunday, February 19th, and approved by two hundred members.

The petition was ordered printed in the Journal, with the signatures.

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 6.

A resolution to propose to the people of the State of California an amendment to the Constitution of the State amending Section 1 of Article IV, providing for the enactment of certain laws by popular vote, in State legislation.

Resolved by the Assembly, the Senate concurring: That the Legislature of the State of California at its regular session commencing on the 2d day of January, 1905, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes that section one of article four of the Constitution of the State of California be amended so as to read as follows:

Section 1. The legislative power of this State shall be vested, save as otherwise in this Constitution provided, in a Senate and Assembly, which shall be designated "The Legislature of the State of California," and the enacting clause of every law shall be "The State of California doth enact as follows:"

Any law that said Legislature itself or the electorate of the State, as herein provided, may enact, the Legislature may submit to a vote of the electors of the State at a general or special election.

Upon the presentation to the Legislature of a petition or petitions signed by qualified electors of the State in number equal to ten per cent of all the votes cast for persons voted for for Governor at the then last election of Governor, asking for the submission to the electors of a law set forth in full in such petition or petitions, being a law that the Legislature itself may enact, it must either enact such law without amendment or submit the same to the electors at the next succeeding general election, occurring subsequent to eighty days after the presentation of the petition or petitions.

If such proposed law is a law that the Legislature itself may enact, except for the fact that it involves the repeal or amendment of a law adopted by the electorate as herein provided, and if in such case said petition or petitions are signed by qualified electors, in number equal to fifteen per cent of the total number of all the votes cast for persons voted for for Governor at the then last election of Governor, then such proposed law must be submitted to the electors as herein provided.

If a majority of the votes cast on any law or measure submitted as herein provided, to the electors of the State, shall be in favor thereof, said law or measure shall, if not already in effect, go into effect ten days after the official count shall be determined; otherwise such law or measure shall stand repealed or rejected; such repeal shall take effect ten days after the official count shall be determined.

No measure adopted or approved by vote of the electorate shall be subject to veto, or be amended or repealed except by vote of the electorate.

If the provisions of two or more measures approved or adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

A petition presented to the Legislature shall be binding upon the incumbents in office and their successors, until due action is had thereon.

The method of signing and presenting petitions provided for herein shall be as follows:

After each signature shall be written the signer's place of residence. Each separate sheet of the petition shall have attached thereto the affidavit of a registered voter of the State, stating that all the signatures to the paper were made in his presence, and to the best of his knowledge and belief, each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Each petition shall be filed with the clerk of the county, or city and county, in which it was circulated and said clerk shall forthwith determine the number of names upon said petition which were upon the great register of the county, or city and county, at the last preceding general election or thereafter. Said clerk shall thereupon forward to the Secretary of State a copy of said petition, except as to the signatures thereon, and a certificate giving the total number of names of said registered voters of the county that are appended to said petition. When from the copies of petitions and certificates as to number of signers thus filed with him, the Secretary of State shall ascertain that any petition is sufficient in form to require action on his part, or the part of the Legislature, as herein provided for, he shall forthwith notify the various clerks from whom he has received the copies of the petition to determine the genuineness of the signatures attached thereto. This shall be done by each county, or city or county, clerk publishing once in the official newspaper of the county, a copy of the petition filed with him, including the signatures thereunto appended arranged alphabetically.

Any signatures of registered voters to said petition filed with the clerk subsequent to his report to the Secretary of State shall be included in said publication.

Each signature whose genuineness is not called in question by the sworn affidavit of the owner thereof within ten days of the date of said publication, shall be accepted as genuine, and the number of genuine signatures to the petition as thus determined, shall be certified by the clerk to the Secretary of State. The original sheets of the petition shall also be forwarded to the Secretary of State, who shall present the same together with the certificate of the county, and city and county clerks, to the Legislature.

Assembly Constitutional Amendment No. 7 was read, as follows:

ASSEMBLY CONSTITUTIONAL AMENDMENT No. 7.

To propose to the people of the State of California an amendment to the Constitution of the State amending article eleven, by adding thereto a new section to be numbered Section 20, providing for the enactment of certain laws by popular vote in counties, cities and counties, and cities.

The Legislature of the State of California at its regular session, commencing on the — day of January, 1905, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes that article eleven of the Constitution of the State of California be amended by adding thereto a section to be numbered Section 20, to read as follows:

Section 20. The basis of the percentage hereinafter provided for any petition shall be the total number of voters registered in the county, city and county, or city, as the case may be, at the last general election preceding the filing of said petition; and all voters registered at said general election or thereafter shall be qualified to sign the petitions herein provided for.

Upon presentation to the legislative body of any county, city and county, or city, of a petition or petitions signed by qualified electors therein in number equal to 10 per cent of said registration, asking for submission to the electors of a measure fully set forth in said petition or petitions, being a measure that said body might itself adopt, it must either adopt such measure without alterations, or submit the same to its electorate at the next succeeding general election occurring subsequent to sixty days after the filing of said petition or petitions. But if such petition or petitions are signed by qualified electors in number equal to 15 per cent of said registration, then such measure, if not so adopted by such legislative body, must be submitted to such electorate at a special election to be called within sixty days from the filing of such petition or petitions.

If such proposed measure is a measure that said legislative body might adopt except for the fact that it involves the repeal or amendment of a measure adopted by the electorate, as herein provided, and if in such case said petition or petitions are signed by qualified electors in number equal to 25 per cent of said registration, then such proposed measure must be submitted to the electors of the county, city and county, or city, as the case may be, at the next succeeding general election occurring subsequent to sixty days after the filing of said petition or petitions.

Any measure that the legislative body or the electorate thereof of any county, city and county, or city has authority to adopt as herein provided, said legislative body may submit to a vote of its constituent electors at a general or special election.

Except as herein provided, no penal ordinance or measure, no ordinance or measure granting any franchise or privilege, and no ordinance or measure making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessment, and contracts where the subject-matter involved is of less value than \$5,000, in cities and counties of more than 100,000 population, and \$1,000 in cities of less than 100,000 population), passed by the legislative body of any county, city and county, or city, shall go into effect in less than 40 days after its final passage. But ordinances and contracts, declared by the legislative body to be necessary for the immediate preservation of the public peace, health or safety, passed by a three-fourths vote of the legislative body, and not obligating the county, city or county, or city, as the case may be, for a longer period of time than one year, may go into effect at the will of the legislative body adopting the same.

If within said 40 days a petition or petitions signed by qualified electors of the county, city and county, or city, in number equal to 10 per cent of said registration, is filed with the county clerk or city clerk, as the case may be, asking that any penal ordinance or measure, any ordinance or measure granting any franchise or privilege, or making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessment, and contracts where the subject-matter involved is of less value than \$5,000 in cities and counties of more than 100,000 population, and \$1,000 in cities of less than 100,000 population), adopted by its legislative body, be submitted to such electorate, then such ordinance or measure must either be repealed or submitted to the electors for approval or rejection at the next succeeding general election occurring subsequent to sixty days after the filing of said petition or petitions, or at a special election called prior to such general election; and if such ordinance or measure has not gone into effect before the filing of such petition or petitions, and said petition or petitions are signed by qualified electors of the county, city and county, or city, in number equal to 15 per cent of said registration, then said ordinance

or measure shall not go into effect until and unless adopted at such election, and no ordinance or measure once so submitted shall be again so submitted except by a vote of the legislative body or on a petition signed by 25 per cent of said registration.

If a majority of the votes cast on any ordinance or measure referred, as herein provided, to the electors of any county, city and county, or city, shall be in favor thereof, it shall, if not already in effect, go into effect ten days after the official count shall be determined, otherwise such ordinance or measure shall be repealed or rejected; such repeal shall take effect ten days after the official count shall be determined. No ordinance or measure approved by an electorate under the provisions of this section shall be subject to veto, or be amended or repealed except by vote of the same electorate or by legislative authority superior to that of the legislative body of such electorate.

If the provisions of two or more measures approved and adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

REPORT OF SPECIAL COMMITTEE ON THE AFTERNOON DISTURBANCE.

The special committee to investigate the charges of disturbance in the lobby submitted the following report, which was read:

ASSEMBLY CHAMBER, SACRAMENTO, March 3, 1905.

MR. SPEAKER: Your special committee appointed this day to investigate the trouble in the lobby of the Assembly Chamber between M. A. Ferrer and T. J. Green, beg leave to report that in pursuance of the following resolution, they thoroughly investigated the affair:

"WHEREAS, A committee consisting of Messrs. McKenney, chairman; Waste, and Transue have been appointed by this Assembly to investigate and report concerning the misconduct of M. A. Ferrer and T. J. Green, attachés of this Assembly, occurring in the presence and hearing of the Assembly on this day, and during the session of this body.

"Resolved, That for the purpose of this investigation, the said committee are hereby authorized and empowered to send for papers and persons, to administer oaths and to

take testimony. The Sergeant-at-Arms of the Assembly is directed to furnish said committee a suitable room and such clerical and other help as may be needed, from the list of the attachés of the Assembly, and to attend said committee and to serve the process thereof. Said committee shall have full power to subpoena witnesses and enforce their attendance and to do and to perform all things necessary in the premises."

Your committee proceeded at once to the discharge of its duty and examined the following witnesses, both of the defendants being present in person at the investigation: Charles Post, Miguel Estudillo, R. H. Jury, G. W. Scott, L. Strohl, Francis McNamara, Cal. Ewing, J. F. Murray, E. N. Baxter, B. W. Rice, Frank Freeman, E. Cave, R. H. McDonald, Peter Kuhl, A. Machen, T. W. Gilbert, William Benchley, and under oath the defendants, T. J. Green and M. A. Ferrer.

After carefully hearing all the testimony and giving it full weight and consideration, your committee is of the opinion that the difficulty between Green and Ferrer was entirely unnecessary and derogatory to the dignity of the Assembly, especially as they were both officers of the Assembly, sworn to preserve good order and decorum during its deliberations. Your committee is, therefore, of the opinion, and so recommends, in view of the fact that both of the defendants have been good and faithful officers of the Assembly and have discharged all the duties assigned them to the best of their ability, and furthermore, because they have evinced before the committee their sincere regret and penitance for their conduct this afternoon, that they be not dismissed permanently from the employment of the Assembly, but that they be brought before the bar of this House by the Sergeant-at-Arms, and there publicly reprimanded by the Speaker for their misconduct—and that as a further punishment they be suspended for two days without pay from the list of attachés of this body.

All of which is very respectfully submitted.

McKENNEY, Chairman.

On this day there takes place a ceremony which in importance exceeds all similar ceremonies which have taken place in the history of the world. With more unanimity than the world has ever seen, eighty millions of people place at the head of their Government the ruler of their choice. It is well for us to remember that it is due to his industry, activity, loyalty, patriotism, probity, and honor, but more especially to his

faith in and faithfulness toward the people of the United States, that Theodore Roosevelt is to-day inaugurated as President. Let the lesson of it inspire us in our work in the people's service in this Assembly.

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA, }
SACRAMENTO, March 3, 1905.

To the Assembly of the State of California:

GENTLEMEN: I have the honor, respectfully, to return herewith Assembly Bill No. 738—“An Act to amend an Act entitled ‘The Political Code of the State of California,’ relating to the employment of women as physicians in State hospitals for the care and treatment of the insane, and in the California Home for the Care and Training of Feeble-Minded Children, at Eldridge, Sonoma County, by amending Section 2153a thereof”—without my approval, for the reason that it appears that the bill, as it comes to me, is vitally defective, in that the authorization for the appointment of certain officers provided for in the bill has been inadvertently omitted therefrom, thus leaving the bill, in its present form, inoperative.

I am informed that, in order to obviate this defect, another bill in the same form and language as the one now under discussion has been introduced into the Legislature.

Very respectfully, your obedient servant,

GEO. C. PARDEE, Governor.
